What is SchoolsPlus?

SchoolsPlus seeks to improve the collaboration of programs and services for children, youth and their families.

The main goal is to bridge the gap between various community organizations and the school by connecting students and families with services.

Programming

SchoolsPlus, in partnership with a variety of government and community organizations, provides support and programming to youth and their families. Programs take place during the school year as well as throughout the summer.

Programs supported by SchoolsPlus include March Break Fun Days, X-Chem Science Camps, Homework Club, Art Club, Boys Group, Girls Group, We will Change Group, Special Occasions such as Spa Day and a visit from Ray's Reptiles and a *get ready for exams* version of The Amazing Race.

“SchoolsPlus is a good place to be yourself.” – Student

– School staff member

Who is Served?

SchoolsPlus serves all children, youth and families, particularly those for whom additional support and services are needed for their success.

“The supports that SchoolsPlus offer in our school have been very valuable.”

– School staff member

How do I Access SchoolsPlus?

Referrals for individual direct service may come from a school's program planning team as well as other service providers. Students and families may also self-refer.

After the referral is received, an intake and consent form are completed by the SchoolsPlus Facilitator. Complex cases may require a Comprehensive Service Plan where appropriate agencies are invited to a case conference meeting.

“The programs and the support you (SchoolsPlus) provide are very respected.”
